Last Update: 1/29/2013

Paddle Trip Attributes

Water Body: Grand River

Put-in: Vandercook Lake DNR Access

Take-Out: Sharpe Park

Water low in some places might require some wading with boat
X Significant open lake water paddling with possible wind and wave effects
X Combination of river and open lake paddling with some wind and wave effects
Route includes some slow backwater from a dam
Tight bends in river or debris in river will require maneuvering skills
X Portage(s) around: dam(s), low bridge(s), and/or fallen trees
Wide river with more gradual bends
River current mostly slow
Some places with fast current
X Some places with class one rapids (very mild)
Some places with class two rapids (moderate; some chance of capsize)
Upstream paddle on half of the trip route
Route through mostly natural areas
Route through mostly developed or urban areas
X Route has combination of natural and developed areas
X Much of route is through wetlands
X Much of trip through wooded areas
Water will be somewhat cold: bring extra change of clothes in waterproof bag

Comments:

Enjoy the great variety of this route as paddlers will experience two medium size lakes with some outstanding homes & cottages, one very natural lake with only two buildings on it, a winding river through natural woods and wetlands, and finally the backyards of many interesting properties before arriving at the City of Jackson's premier park,. Ella Sharp. Possible portages around some low dams, depending upon water level. Prior to the put-in, as joint Dahlem Conservancy-GREAT event, GREAT will host and provide the food for a cook-out, no charge, at the Vandercook Lake County Park facilities.
