# G-R-E-A-T Grand River Trip #7

- 1 Put in is off the end of 4<sup>th</sup> Street at the west end of an Apartment complex. Limited area for staging, park cars at the boat launch at Center Lake.
- 2 Small Wear. At low water you may need to portage.
- 3 Two culverts at Falahee Rd

- 4 Confluence of the Grand River North & South Branches just east of 3 bridges.
- 5 At E. High St (West Bridge), Lewis St and the Rail Road Bridges during low water you may scrap the bottom of your boat on the rocks.
- 6 Low Rail Road bridges near the Toy House and downstream around the bend. During high water you maybe need to portage.
- 7 Take out is at Lions Park near the pedestrian bridge.

At 7 miles this is one of the longer outings, but still a quick trip during normal water levels. The bridges are all high enough to get under (see note 6 for exception)

South to Somerset Center & US 12
